

Frame Drum

Traditional Sounds Meet Modern Sampling
by Frank faruk Sampling

A Sample library for Decent Sampler

Are you looking for a unique sound that adds a touch of magic to your compositions? Introducing the Frame Drum Sample Instrument, an innovative tool designed for Video Game, Film, and TV composers and producers. This extraordinary instrument doesn't just stop at multimedia production; it transcends genres, bringing an exotic flair to any musical project.

Explore Exotic Textures

Frame Drum is crafted to help you produce a straightforward yet natural sound, specifically tailored for creating cinematic tones.

Why Choose the Frame Drum Sample Instrument?

The Frame Drum Sample Instrument offers a world of creative possibilities. Its distinctive, resonant tones make it the perfect addition to your sound palette, whether you're crafting cinematic scores, world music, or even experimental tracks. Here's what makes it stand out:

Two Versions to Suit Your Needs

The Frame Drum Sample Instrument comes in two carefully crafted versions to cater to different creative requirements:

FREE Version

Immerse yourself in the essence of the Frame Drum with a collection of high-quality audio loops that showcase its remarkable sound.

PRO Version

Unlock the full potential of the Frame Drum with features designed for unparalleled realism and flexibility:

- **8 Round Robin Samples:** Enjoy an organic and lifelike playing experience, capturing subtle tonal variations.
- **Two Instruments:**
 - **Solo:** For a focused and intimate sound.
 - **Duo:** Panned left and right to create a wide and immersive stereo effect.

High Quality Recording

- Every note of the Frame Drum Sample Instrument has been captured with exceptional clarity. We used a combination of Zoom H4 and Lewitt LCT 040 microphones to ensure the highest audio fidelity, allowing the true character of the instrument to shine through.

Exclusive PRO Features

As a PRO user, you gain access to exclusive resources that take your compositions to the next level:

- **MIDI Files:** A treasure trove of ready-to-use patterns to kickstart your creativity.
- **Rhythmic Foundations:** Explore the traditional Arabic/Turkish rhythm known as “Duek” alongside newly added variant rhythms. These rhythmic templates provide a solid foundation for your compositions while sparking new ideas.

Endless Creative Possibilities

From delicate, intimate passages to bold, cinematic textures, the Frame Drum Sample Instrument adapts to your vision. Its versatility makes it a must-have for composers and producers seeking a sound that’s both authentic and captivating.

Explanation of Each Makam in C# (with Microtonal Adjustments):

The documentation provides visual representations of each Makam (Üssşak, Rast, Suzinak, and Zırgüleli Hicaz) on a MIDI keyboard, highlighting the notes included in each scale and any necessary microtonal adjustments.

END USER LICENSE AGREEMENT (EULA)

The following End User License Agreement applies to all purchased Frank Faruk Sampling libraries:

1. **Grant of License:** You buy it, you use it, but only you. You may utilise the sounds in your music, shows, or broadcasts without incurring additional fees. Install on up to three of your computers or samplers.
2. **No Sharing:** You are prohibited from reselling, distributing, or sharing the library or any of its constituent sounds.
3. **Our Stuff:** We own the sounds, you just get to use them.
4. **Back It Up:** It is strongly recommended that you create a backup copy prior to any other actions.
5. **Use at Your Own Risk:** You're responsible for how you use the library and any software that comes with it. We're not liable for any problems.
6. **Follow the Rules:** The license starts when you buy or open the library. Any violation of these terms will result in the termination of your license. Return everything if that happens. If it's stolen, report it to the police and tell us.
7. **One Transfer Only:** You are permitted to transfer the license to another party on a single occasion, subject to a transfer fee.
8. **We're Watching:** We have a zero-tolerance policy towards piracy and copyright infringement.
9. **United Kingdom Law Applies:** This agreement follows UK law. Any disputes will be handled in a Utrecht court.

We kindly request your adherence to these terms and conditions to enable us to allocate our time to developing new sounds for your future projects
